Modern Advantages.
Hometown Bank
Experience.

MidMoBank in Willard has the best of what's new plus the best of what's been around a while. Though we were chartered in 1872, we still consider ourselves to be just getting started as we continue to stay on the leading edge of banking security and technology while remaining the hometown bank of the Ozarks.

{ARTICLE WRITTEN BY WILLARD HIGH SCHOOL JOURNALISM STUDENT, SARAH VOYLES}

Community **INSPIRES CLASS OF 2021**

The Willard High School senior class of 2021 is no stranger to facing adversity. Going into their final year of high school with so much uncertainty in the air was a struggle for the senior class. However, it was the support of family, teachers, and the community that has raised this class up and encouraged them to keep pushing and to keep working hard.

Kaitlin Jeppson (12) said this school year has been challenging.

"I had to adapt to a new way of learning since I decided to do online school," Jeppson said. "My friends, family, and teachers pushed me to keep going and supported me and I'm so thankful."

Jeppson said she felt the love of the community throughout her journey.

"Despite all the challenges, I knew I had the Willard community to lean on because that's what my community does, they help others when they are down," Jeppson said.

The Willard community has always been known for being welcoming and and is filled with loving and caring people. Chasidee Hutchison, WHS teacher and local business owner of Tropical Sno, knows this first hand.

"The Willard community has been so supportive through things like Project Graduation," Hutchison said. "The community has just been rallying together and contributing what they can whether it's time, physical resources, or just care and support."

Throughout all the uncertainty this year has brought, the senior class of 2021 has prevailed through the encouragement of the Willard community. Even after the class of 2021 goes on to bigger and better things, Willard will always be here for them.
